Hi David,

Wanted to let you know that given the time that has passed and the further info provided by Lou and others, we are reshaping the HERA portion of the slide deck and will be sending forward a few slides early next week.

Thanks,
Samantha

Cumulative Risk Team:

First, my apologies for providing CSS input rather late. It's been a bit busy and I'm a terrible delegator. Attached are Ex. 5 Deliberative Process (DP)

I don't know if Lou wants a coordinated response, or just for folks to be prepared to discuss.

To break the question apart some, is this useful?

Hi all,

I wanted to give you all a heads up for next week's briefing on cumulative risk. Something to be prepared to think about or speak to would be how would a program office make use of our cumulative risk research? If you can speak to requirements for the use of cumulative risk and how your program office contacts are thinking about the issue (or not as the case may be), that would be helpful information for Chris et al.

Thanks,

-Lou
